

A MICROTOME ALIGNER FOR ALL MICROTOMES!

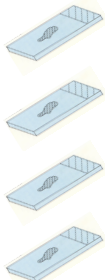

ALIGNMENT MADE EASY!

Looks simple...quick & easy to use...works on every microtome...
A "Universal" Microtome Aligner Tool!
Great Idea

This is a gadget every histologist needs in their tool box...
No more trying to "eye ball" the chuck!

Here's the details:

The same Aligner can work on all your microtomes

You only need one unit per laboratory

Quickly & easily aligns microtomes

Use once per week to keep all microtomes aligned to each other

Also a good idea to use;

- ◆ After a bony tissue,
- ◆ Or use it before a biopsy (just to make sure you're still in alignment with the other units)

**Give your eyes a break and get the tool that can straighten out your life...
OK...just your microtome!**
