

A SLIDE CHAMBER WITH CHOICES!

“THE ORIGINAL SLIDESHOW”

It's always nice to have choices in your life. When you have to buy something to use for long term, it's good to know it won't confine your ability to do something new or differently in the future. That's my idea of money well spent. Consider these features if you are looking for a slide chamber:

- CAPACITIES:** 10, 20, or 30 slide capacity units available
- TRAY:** Black base makes it easier to see specimen on the slide surface
- LIDS:** Clear (to watch staining) or Black (for fluorescence procedures)
- WELLS:** Holds humidity and contains water & reagents during procedure
- RIDGES:** NEW FLAT RIDGES have a blue "tacky" surface to minimize slide movement
- TEMP:** Designed for refrigerator to incubator (-20° to +70° C)
- CONSTRUCTION:** Sturdy, long life design
- MAINTENANCE:** Wash in mild detergent, rinse & drain
- STORAGE:** Neat & stackable

<u>Product Description</u>	<u>Order #</u>	<u>Slide Volume</u>	<u>Price</u>
SlideShow 30, Clear Lid	6844-30CL	30 slides	\$190.00/each
